THE DANISH MINISTER OF DEFENSE VISITED SCANDINAVIAN AVIONICS A/S

The Danish Minister of Defense, Peter Christensen visited Scandinavian Avionics A/S, on his roundtrip visiting Danish Defense related companies.

The Defense and Aerospace Organisation in Denmark (FAD) had on Monday March 7th invited the Danish Defense Minister on a tour around Jutland to visit 4 member companies. The visit was arranged to strengthen the relation between the Defense Ministry and the danish defense industry, and gave the Minister the opportunity to get an introduction to the companies, their cooperation with the danish defense and discuss opportunities as well as challenges faced by the companies.

The Minister was welcomed by the owners of Scandinavian Avionics A/S, Hardy, Michael and Carina Truelsen, followed by a presentation from the SA President Michael Truelsen about the company and its activities.

For the special occasion, the presentation had a main focus on SA's relation to the Danish and International Defense and an orientation about the SA opportunities and agreements in connection to the future purchase of new fighter aircrafts for the Danish Defense. In this connection SA orientated about its opportunities regarding the three headsuppliers, Boeing, Airbus and Lockheed Martin.

After the presentation, the Minister and his delegation were shown around the company facilities, where examples of the work Scandinavian Avionics is engaged with were presented. Some employees got the opportunity to greet the Minister and demonstrate the technical and sometimes complex work they are dealing with on a daily basis.

Scandinavian Avionics A/S, greatly appreciates that the Minister took the time to visit SA and gave the opportunity to present the company, the activities, and experiences connected to the Danish Defense.
