Flight Data Recorder Readout Service

# Graphical FDR data reports

Scandinavian Avionics provides a complete flight data recorder readout service, including:

- ▶ Download of data from Flight Data Recorder
- ▶ Data processing
- ▶ Delivery of graphical data report

# FDR Readout Service

## Data download

The FDR readout service includes data download from the flight data recorder. This can be done by one of our technicians on-site or by sending us the flight data recorder.

## Data processing and delivery of graphical report

All data is processed and the output compiled in a graphical report accounting for more than 100 parameters, e.g. altitude, air speed, heading, acceleration, attitude and more.

## Readout services for wide range of systems

We offer FDR readout services for a wide range of flight data recorder systems, including:

- Honeywell
- Sundstrand
- L3 Communication / Fairchild

The above mentioned are only examples of our capability, so please feel free to contact us with an inquiry for readout services for any type of Flight Data Recorder and aircraft.

Scandinavian Avionics provides complete turn-key avionics solutions, including avionics logistics and parts support, maintenance (MRO), certification, design & engineering, installation, product development, training and consultancy services with the primary business platforms being larger helicopters, corporate aircraft, regional airliners and defense electronics.

Scandinavian Avionics is the headquarters of The SA Group – an experienced avionics organization with divisions in Sweden, Norway, Greece, Malaysia, Bahrain and India. Since the foundation in Billund, Denmark in 1978, core values like quality, reliability and flexibility have been deeply rooted in the organization and are the main reasons for the excellent reputation among aircraft operators around the world today.
